

## LITERACY

### **Literary Theme: Journeys and exploration**

#### **Text: Naughty Bus by Jan Oke**

Forming capital letters and discussing the significance of the title and events

Participating in discussion about what is read to them, taking turns and listening to what others say

Explain clearly their understanding of what is read to them

Apply phonic knowledge and skills as the route to decode words

How words can combine to make sentences

Joining words and clauses using 'and'

Sequencing sentences to form short narratives

Separation of words with spaces

Expanded noun phrases to describe and specify

Write sentences by:

Saying out loud what they are going to write about

Composing a sentence orally before writing it

Sequencing sentences to form short narratives

Re-reading what they have written to check that it makes sense

Discussing what they have written with the teacher or the other pupils

Reading aloud their writing clearly enough to be heard by their peers and the teacher

## NUMERACY

### **Unit 1**

In this unit, children begin by sorting and grouping objects up to 10. They then count to 10 and focus on 'one more' and 'one less' before learning how to use a number line to count forwards and backwards.

### **Unit 2**

This unit, which builds on Unit 1: Numbers to 10, introduces children to the part-whole model, focusing on different ways of partitioning numbers to 10. Children use the part-whole model to help them write and compare number bonds.

## SCIENCE

### **Animals and humans**

In this unit about Animals & Humans, children will learn about five of the groups that scientists use to classify animals: mammals, fish, birds, reptiles and amphibians. They will learn to identify the group an animal belongs to by its features and will classify animals according to their group. They will also learn about the different diets of animals. Children will learn about the parts of the human body and have the opportunity to explore the five senses through a simple investigation. In the final lesson, children will use all their knowledge from this unit to classify animals according to their own criteria.

*(Understanding that Allah's creation is vast and amazing.*

*Respecting/caring for animals just like the Prophet PbuH taught us to)*
